

Project 3 ArchiTour

Project Name

ArchiTour

Description

ArchiTour is a travel app specially designed for architecture lovers. It allows users to find interesting architecture in cities, check out their information or read other people's reviews. Users can create multi-day itinerary and add stops from existing architecture collections.

Features and Work Division

- Architecture DB design and import synthetic records. @Xingjian Bi
- Itinerary DB design. @Yi Zhou
- Login: Users can sign up @Xingjian Bi for accounts and login @Yi Zhou
- Users can comment on each architecture @Yi Zhou
- Users can create @Xingjian Bi and delete @Yi Zhou an itinerary
- Users can set how many days in an itinerary @Yi Zhou
- Users can add or delete stop(s) in an itinerary @Xingjian Bi
- Users can search an architecture by location or name @Yi Zhou

User Personas

Name: Zed

Age: 32

Occupation: Doctor

Location: New York City

- Career-oriented
- Thirsty for knowledge
- Outgoing

"I went to Barcelona to see Antonio Gaudi, but ended up sitting there and reading Wikipedia the whole afternoon. I just wanted to know why Gaudi is so famous."

Goals:

- Learn about culture, history, stories behind the design of a building
- Get some inspirations of travel destinations

Frustrations:

- Lack ways to learn more about the stories behind the building during their visit.

Bio:

Zed is a doctor living in New York City. He likes adventurous activities, exploring different restaurants and bars in town, and hanging out with people after work even though his life is super busy.

Name: Tom
Age: 26
Occupation: Architect
Location: San Francisco

- Problem-solver
- Likes systems and order
- Introvert

"I designed with all my heart, thinking about users."

Goals:

- Learn more design styles and cooperate into his own work.
- Get some inspiration from famous architectures.

Fructions:

- Usually complicated things when it comes to design.
- Overthinking.

Bio:

Tom exhibited a strong interest in how things were made since early childhood.
Design focused on sustainability

Name: Amy
Age: 20
Occupation: College Student
Location: Los Angeles

- Friends oriented
- Passionate about design
- Energetic

"Let's touch more grass on weekends."

Goals:

- Get a 3.8+ gpa and transfer to her dream school.
- Hangout with friends and continue trying new things.

Fructions:

- Hard to make choices between different new things.
- Usually do tasks until the last minute.

Bio:

Amy is such an exploreist so he travels as much as he can. He loves visiting cities as he can make new friends and experience different cultures.

User Story

- Zed loves traveling different cities and learn about histories and cultures of them, he wants a travel application where it's easy for him to find those information
- Tom majors in architecture, he wants to visit some famous architectures in the world so he can gain more design knowledge
- Amy just moved to a new place and she wants to spend her spare time and find some interesting buildings nearby by reading other people's review

Descriptions

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from a line in section 1.10.32.
